TRIMAS ANNOUNCES INCREASED SHARE REPURCHASE AUTHORIZATION TO \$150 MILLION

BLOOMFIELD HILLS, Michigan, November 4, 2019 – TriMas (NASDAQ: TRS) today announced that its Board of Directors increased the Company’s common stock share repurchase authorization to \$150 million. The previous authorization, approved in February 2019, authorized up to \$75 million in share repurchases.

“This increase demonstrates our continued confidence in our ability to grow and generate strong cash flow, and our commitment to deliver value to our shareholders,” said Thomas Amato, TriMas President and Chief Executive Officer. “Our capital allocation priorities remain to invest in projects to grow our businesses through innovation and strategic acquisitions, and to return capital to shareholders through share repurchases, all while maintaining a strong balance sheet.”

Since initiating share repurchases under this program in May 2018, the Company has purchased approximately 1.2 million shares, or 2.6%, of its outstanding common stock, for \$33.2 million through September 2019. At the end of the third quarter, the Company had \$41.8 million remaining under its existing share repurchase authorization. The increased share repurchase authorization of up to \$150 million includes the value of shares already repurchased under the previous authorization.

The extent to which TriMas repurchases its shares, and the timing of such repurchases, will depend upon a variety of factors, including market conditions, share price, regulatory requirements, other available uses of capital and other corporate considerations. The program does not require the purchase of any minimum number of shares and may be suspended, modified or discontinued at any time without prior notice.

Notice Regarding Forward-Looking Statements

Any "forward-looking" statements, within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, contained herein, including those relating to the Company’s business, financial condition or future results, involve risks and uncertainties with respect to, including, but not limited to: the Company’s ability to successfully complete the sale of the Lamons business; general economic and currency conditions; material and energy costs; risks and uncertainties associated with intangible assets, including goodwill or other intangible asset impairment charges; competitive factors; future trends; the Company’s ability to realize its business strategies; the Company’s ability to identify attractive acquisition candidates, successfully integrate acquired operations or realize the intended benefits of such acquisitions; information technology and other cyber-related risks; the performance of subcontractors and suppliers; supply constraints; market demand; intellectual property factors; litigation; government and regulatory actions, including, but not limited to, the impact of tariffs, quotas and surcharges; the Company’s leverage; liabilities imposed by debt instruments; labor disputes; changes to fiscal and tax policies; contingent liabilities relating to acquisition activities; the disruption of operations from catastrophic or extraordinary events, including natural disasters; the potential impact of Brexit; tax considerations relating to the Cequent spin-off; the Company’s future prospects; and other risks that are detailed in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2018. These risks and uncertainties may cause actual results to differ materially from those indicated by the forward-looking statements. All forward-looking statements made herein are based on information

currently available, and the Company assumes no obligation to update any forward-looking statements, except as required by law.
